This measure abstraction paper tool is provided as an optional, informal mechanism to aid psychiatric facilities and hospital psychiatric units in the collection of the measures for the Centers for Medicare & Medicaid Services (CMS) Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program. The tool is designed to collect patient-specific data; however, once abstracted, the data will need to be compiled and reported to CMS in aggregate. It should be noted that skip logic is not contained within the measure abstraction paper tool. If there are any questions or concerns regarding the use of this measure abstraction paper tool, please contact the IPFQR Program Support Contractor at IPFQualityReporting@hcqis.org.

Bi Ur	rth Date://
Pā	atient Identifier:
A o U	dmission Date:/// FD is not an allowable entry.
	scharge Date:/// ΓD is not an allowable entry.
In	dividual Medical Record Data Collection Tool
	uring review of the record, the abstractor will be prompted to enter a 0 or a 1 for both e numerator and denominator for the measure below.
HI	BIPS-5
	Numerator
	Denominator
	ne information from each medical record will be used to determine the numerator and enominator, which will be aggregated for submission to QualityNet.
1.	What is the length of stay? Length of Stay (in days) equals Discharge Date minus Admission Date:
	a. If Length of Stay is less than or equal to 3 days, the case will be excluded (Measure Category Assignment of "B"). Stop abstracting. The case will not be

included in the numerator or denominator for HBIPS-5. Add 0 to the numerator

b. If Length of Stay is greater than 3 days, proceed to Discharge Disposition.

and denominator.

2.	What was	the patient's discharge disposition? (Discharge Disposition)	
	1 H	Home	
	2 H	Hospice – home	
	3 H	Hospice – healthcare facility	
	4	Acute care facility	
	5	Other healthcare facility	
	6 E	Expired	
	7 l	_eft against medical advice (AMA)	
	8	Not documented or unable to determine (UTD)	
	Assignr	narge Disposition equals 6, the case will be excluded (Measure Category ment of "B"). Stop abstracting. The case will not be included in the ator or denominator. Add 0 to the numerator and denominator.	
	b. If Disch Setting.	parge Disposition equals 1, 2, 3, 4, 5, 7, or 8, proceed to Psychiatric Care	
3. Did the patient receive care in an inpatient psychiatric setting? (Ps. Care Setting)			
	Yes	The patient received care in an inpatient psychiatric setting.	
	No	The patient did not receive care in an inpatient psychiatric setting.	
	a. If Psych	hiatric Care Setting equals Yes, proceed to Patient Status at Discharge.	
	Catego	hiatric Care Setting equals No, the case will be excluded (Measure ry Assignment of "B"). Stop abstracting. The case will not be included in nerator or denominator. Add 0 to the numerator and denominator.	
4.		the patient's status at the time the patient left the hospital-based osychiatric care setting? (Patient Status at Discharge)	
		The medical record contains documentation that the patient was discharged from the hospital-based inpatient psychiatric care setting AND nospital system at the same time.	
	2	The medical record contains documentation of one of the following:	
	•	the patient eloped and was discharged	

- the patient failed to return from leave and was discharged
- the patient has not yet been discharged from the hospital

		 the patient was discharged from the hospital to another level of care outside of the hospital system from a setting other than a psychiatric care setting 			
	3	Unable to determine from medical record documentation.			
a.	If Patient Status at Discharge equals 2, the case will be excluded (Measure Category Assignment of "B"). Stop abstracting. The case will not be included in the numerator or denominator. Add 0 to the numerator and denominator.				
b.	. If Patient Status at Discharge equals 1 or 3, proceed to Number of Antipsychotic Medications Prescribed at Discharge.				
th		the documented number of antipsychotic medications prescribed for ent at discharge? (Number of Antipsychotic Medications Prescribed at re)			
	(0	– 99)			
	U	TD			
a.	. If Number of Antipsychotic Medications Prescribed at Discharge is less than or equal to 1, the case will be excluded (Measure Category Assignment of "B"). Stop abstracting. The case will not be included in the numerator or denominator Add 0 to the numerator and denominator.				
b.	If Number of Antipsychotic Medications Prescribed at Discharge equals UTD, the case will be included (Measure Category Assignment of "D"). Stop abstracting. Add 1 to the denominator. Add 0 to the numerator.				
C.	. If Number of Antipsychotic Medications Prescribed at Discharge is greater than or equal to 2, proceed to Appropriate Justification for Multiple Antipsychotic Medications.				
th	e patie	documentation in the medical record of appropriate justification for ent being discharged on 2 or more antipsychotic medications? integrate Justification for Multiple Antipsychotic Medications)			
	1	The medical record contains documentation of a history of a minimum of failed multiple trials of monotherapy.			
	2	The medical record contains documentation of a recommended plan to taper to monotherapy due to previous use of multiple antipsychotic			

5.

6.

medications OR documentation of a cross-taper in progress at the time of discharge.
 The medical record contains documentation of augmentation of clozapine.
 The medical record contains documentation of a justification other than those listed in Allowable Values 1–3.
 The medical record does not contain documentation supporting the reason for being discharged on 2 or more antipsychotic medications OR unable to determine from medical record documentation.

- a. If Appropriate Justification for Multiple Antipsychotic Medications equals 1, 2, or 3, the case will be included (Measure Category Assignment of "E"). Stop abstracting. Add 1 to BOTH the numerator and denominator.
- b. If Appropriate Justification for Multiple Antipsychotic Medications equals 4 or 5, the case will be included (Measure Category Assignment of "D"). Stop abstracting. Add 1 to the denominator. Add 0 to the numerator.
