Subject: Quality Reporting Center's Biweekly News Blast

Staff turnover happens. And when it does, you need a list of helpful resources to make the change-over go more smoothly.

Here are some suggestions for inclusion in your new staff orientation process for ASC quality reporting:

- [Contact change form](#) – Lets us know whom to contact with program information.
- [ListServe registration](#) – Keeps you in the loop about latest program developments and sends Quality-e-Quips to you each week when you sign up for the Ambulatory Surgical Centers notifications.
- [QualityNet Security Administrator registration](#) – Enables you to enter web-based measures (due on August 15) and run data reports to monitor your data reporting status. We also have a short [video](#) to help with filling out the form.
- [National Healthcare Safety Network](#) registration – Gets you started on the path toward entering NHSN data for ASC-8 (Influenza Vaccination Coverage among Healthcare Personnel).
- [Successful Reporting in the ASCQR Program: A Step-by-Step Guide for New Facilities](#) – Provides essential information for ASCs or staff new to the ASCQR Program.
- [Videos](#) – Include detailed instructions on seminal processes for program compliance. In addition to the one linked above, here are a few more:
 - [Logging In to QualityNet](#)
 - [ASC – Entering Web-Based Measures \(English\)](#)

And that's just the tip of the iceberg of what we have available to assist you. What has been helpful to you? Please send your suggestions to qcrsupport@hsag.com.
