**Sent:** Tue 7/26/2016 10:04 AM  
**To:** ASCQR Initiative Discussions  
**Subject:** Quality Reporting Center's Biweekly News Blast

21 days – what can you do in 21 days?

- Break a bad habit or begin a new one, according to conventional wisdom
- Find inner peace (really?)
- Attain a beach body (yeah, right)

We're not sure about those, but we're absolutely sure that you can fulfill the ASC Quality Reporting (ASCQR) Program requirements for entering web-based measure data into QualityNet!

You remember the list of measures to enter into QualityNet's Secure Portal:

- ASC-6 (Safe Surgery Checklist Use)
- ASC-7 (ASC Facility Volume Data on Selected ASC Surgical Procedures)
- ASC-9 (Endoscopy/Polyp Surveillance: Appropriate Follow-Up Interval for Normal Colonoscopy in Average Risk Patients)
- ASC-10 (Endoscopy/Polyp Surveillance: Colonoscopy Interval for Patients with a History of Adenomatous Polyps – Avoidance of Inappropriate Use)

You also remember that you need an active Security Administrator or Basic User with the data entry role, and you need the data for these measures collected from 2015 encounters.

The deadline for submitting these data is **AUGUST 15, 2016** – 21 days from now. See what we did there?

If you need any assistance with data submission or anything else about the ASCQR Program, please contact us by phone at 866.800.8756. We're also available by email at [oqrsupport@hsag.com](mailto:oqrsupport@hsag.com).

You're on your own about the inner peace and beach body stuff.
