Announcements

- May 1, 2015, is the next deadline for Clinical Data and Population and Sampling data submissions from Q4 2014 (October 1–December 31, 2014).
- This will be the last quarter that OP-6 and OP-7 will be reported.

Save The Date

- The next Hospital Outpatient Quality Reporting (OQR) webinar will be May 20, 2015.
- The presentation will present data reported for the Hospital OQR Program and how to utilize this data for quality improvement within your facility.
- Announcements about upcoming webinars will be sent via the Hospital OQR ListServe.

Learning Objectives

At the conclusion of the program, attendees will be able to:

- Identify where to locate the most commonly used Hospital OQR reports on QualityNet.
- Describe the most commonly used Hospital OQR reports.
- Understand the meaning and value of the QualityNet reports.

REPORT NAME	REPORT DESCRIPTION
Hospital Reporting - Case Status Summary Report	The Case Status Summary report displays summary case submission status information for the Data Warehouse (number of cases submitted, accepted, and rejected).
Hospital Reporting - Facility, State and National Report	The Facility, State and National report displays provider data; summarizes and compares the data at the Facility, State and National level by quarter.
Hospital Reporting - Measure Status by Case Report	The purpose of the report is a detail report of individual cases, which includes measure inclusion status and reason for exclusion. For each case, the report provides detail information on the population eligibility (denominator), whether each case was included in the numerator or excluded from measure calculation; and, if excluded, the reason for the exclusion.
Hospital Reporting - Measure Status by Category Report	The purpose of the report is to provide a summary of counts per measure that are accepted into the Data Warehouse per inpatient outpatient facility. The report also identified the counts of excluded from calculation cases per measure.
Hospital Reporting - Population Submission Report	The Population Submission Report displays information regarding the submission of population and sampling data.
Hospital Reporting - Population and Sampling Summary Report	The Population and Sampling Summary report displays summary information of population and sampling data for cases for Medicare and Non-Medicare patients by quarter, measure set and provider.
Hospital Reporting - Potential Duplicate Records Report	The Potential Duplicate Records report identifies potential duplicate records submitted to the Data Warehouse.
Hospital Reporting - Submission Detail Report	The Submission Detail Report displays detailed file information of selected uploaded data grouped by provider.
Hospital Reporting - Submission Summary Report	The Submission Summary Report displays summary information of selected uploaded data.
Hospital Reporting - Vendors Authorized to Upload Data	The Vendors Authorized to Upload Data report displays a list of vendors authorized by a hospital to submit hospital data on their behalf.

Hospital Reporting: Feedback Reports

Two sets of Reports:

- The first set displays feedback and measure information on files that have been submitted to the CDAC.
- The second, Vendor Feedback Reports, displays hospital performance information on select quality measures for the clinical topics.

Report Category: Feedback Reports (1 of 5)

- **Case Status Summary:** Displays summary case submission status information for the CDAC, such as the number of cases submitted, accepted, and rejected.
- **Facility, State, and National:** Provides data, summarizes, and compares the data of the facility at the state and national level per quarter.

Report Category: Feedback Reports (2 of 5)

- Measure Status by Case Report:
Detailed report of individual cases, which includes measure inclusion status and reason for exclusion for each case (will have a denominator and numerator).

Public Reporting Category

The screenshot shows the CMS QualityNet interface for running reports. The navigation bar includes 'Home', 'Quality Programs', 'My Data', 'My Reports', 'My Tools', and 'Help'. The breadcrumb trail is 'My Reports > Run Reports'. The main content area has tabs for 'Start', 'Run Report(s)', 'Search Report(s)', and 'Favorites'. A progress bar shows 'Select Program, Category and Report' as the current step, followed by 'Report Parameters' and 'Confirmation'. Below this, the 'Select Program, Category and Report' section provides instructions and a form. The 'Report Program' dropdown is set to 'OQR'. The 'Report Category' dropdown is set to 'Public Reporting - Preview Reports', which is circled in red. A 'VIEW REPORTS' button is located to the right of the dropdown. Below the form is a 'Search Report' section and a table with two columns: 'REPORT NAME' and 'REPORT DESCRIPTION'. The table contains one entry: 'Public Reporting - Preview Reports' with the description 'Report allows providers to preview the data that will be posted on the Hospital Compare website.'
