

Checking All the Boxes: Ensuring a Successful Submission

Pam Rutherford, RN, BSN
Project Manager
ASCQR Program Support Contractor

Checking All the Boxes: Ensuring a Successful Submission

Learning Objectives

At the conclusion of this presentation, attendees will be able to:

- List the measures to be reported by the next submission deadline.
- Identify at least two reports which providers can run to check their submission status.
- Access the website that allows providers to self-check the submission of their web-based measures.

Ensuring Your Success

Identify and
maintain
a QualityNet
Security
Administrator

Collect data
for measures to be
submitted via a web-
based tool and submit
these data by
the deadline

Must-Do Checklist

- ✓ Identify and maintain a QualityNet Security Administrator
 - <https://www.qualitynet.org/dcs/ContentServer?c=Page&pagename=QnetPublic%2FPage%2FQnetBasic&cid=1228772846606>
- ✓ Collect data for measures to be submitted via a web-based tool and submit these data by the deadline

☐ Outcome Measures

ASC-12

Claims-Based Measures

- Quality Data Codes (QDCs)
 - **ASC-1:** Patient Burn
 - **ASC-2:** Patient Fall
 - **ASC-3:** Wrong Site, Wrong Side, Wrong Patient, Wrong Procedure, Wrong Implant
 - **ASC-4:** All-Cause Hospital Transfer/Admission
- Outcome Measure
 - **ASC-12:** Facility 7-Day Risk-Standardized Hospital Visit Rate after Outpatient Colonoscopy

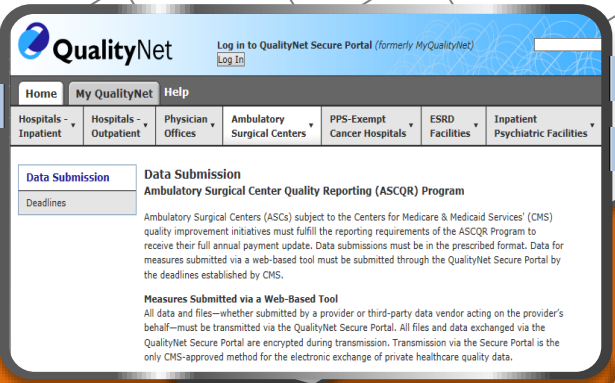

Reminder

- ASC-1 through ASC-4 have been suspended beginning with Payment Determination Year 2021.
- For the current Payment Determination Year, you will need to comply with the 50% threshold for QDCs on claims.
 - Run a Provider Participation Report (PPR) to ensure compliance.

QualityNet's Secure Portal

The screenshot displays the QualityNet website interface. At the top left is the QualityNet logo. To its right, the text "Log in to QualityNet Secure Portal (formerly MyQualityNet)" is shown, with a "Log In" button below it. A red arrow points to this button. Further right is a search bar with the word "Search" inside. Below the header is a navigation bar with tabs for "Home", "My QualityNet", and "Help". Under "My QualityNet", there is a row of dropdown menus for various facility types: "Hospitals - Inpatient", "Hospitals - Outpatient", "Physician Offices", "Ambulatory Surgical Centers", "PPS-Exempt Cancer Hospitals", "ESRD Facilities", "Inpatient Psychiatric Facilities", and "Quality Improvement". The main content area is divided into three columns. The left column contains "QualityNet Registration" with a list of facility types and "Getting Started with QualityNet" with a list of links. The middle column features "QualityNet News" with a "More News »" link, a news article titled "CMS Releases February 2019 Hospital Compare Preview Reports" with a detailed paragraph and a "Full Article »" link, and a "Headlines" section with a link to "CY 2019 OPPS/ASC Final Rule with Comment Period Published". The right column has a "Log in to QualityNet Secure Portal" section with a "Login" button (pointed to by a red arrow) and a list of links including "Download Symantec ID (required for login)", "Portal Resources", "Secure File Transfer Resources", and "Secure Portal Enrollment Training, WMV". At the bottom right is a "Questions & Answers" section with a link to "Ambulatory Surgical".

CMS Releases February 2019 Hospital Compare Preview Reports

In an effort to modernize the Hospital Quality Reporting (HQR) system, and in direct response to feedback from the user community, the Centers for Medicare & Medicaid Services (CMS) made changes to the preview reports to enhance the user experience and enable users to make better and more meaningful use of reported data. The login process has been streamlined, star ratings have been prioritized, and an entirely new way of viewing and searching preview data has been developed. Data can be refined and filtered for specific needs and compared "at-a-glance" with footnote and supplemental information. The preview data will be reported on the CMS *Hospital Compare* website, where Medicare beneficiaries and the public can review quality of care indicators for participating hospitals and facilities.

Choose Your Option

The screenshot shows the CMS QualityNet website interface. At the top, the CMS.gov logo and 'QualityNet' text are visible. Below this is a navigation bar with 'Home', 'Quality Programs', 'My Reports', and 'Help' menus. The 'Quality Programs' menu is expanded, showing a list of options: 'Hospital Quality Reporting: IQR, OQR, ASCQR, IPFQR, PCHQR' (highlighted with a red box), 'End Stage Renal Disease Quality Reporting System', 'Quality Improvement Organizations', 'QMARS - Quality Management and Review System', 'Quality Improvement and Evaluation System', and 'Data Element Library'. On the left side, there is a 'Welcome' message and a section titled 'QualityNet S' which describes the system as a healthcare provider and other exchange between Stage Renal Dis. Below this, there is a 'To Request Acc' section with a link to the 'QualityNet Help Desk'. At the bottom, there is a 'Quality Programs' section with a link to 'To access your program use the menu above or links below:' followed by a list of the same options as the dropdown menu.

Manage Measures

The screenshot shows the CMS QualityNet interface. At the top, there's a navigation bar with links: Home, Quality Programs, My Reports, and Help. Below this is a breadcrumb trail: Home > Quality Programs > Hospital Quality Reporting: IQR, OQR, ASCQR, IPFQR, PCHQR. The main heading is 'Quality Reporting System: My Tasks'. The page is divided into four task cards. The 'Manage Measures' card is highlighted with a red border. It contains the text 'Manage Measures' and 'View/Edit Structural/Web-Based Measures/Data Acknowledgement (DACA)'. The other cards are 'Hospital Reporting Inpatient / Outpatient' (with subtext 'View / Edit Population and Sampling'), 'Manage Notice of Participation' (with subtext 'View/Edit Notice of Participation, Contacts, Campuses'), and 'Vendor Authorization' (with subtext 'Authorize Vendors to Submit Data').

ASC Lookup Tools

Web-Based Status Listing (PY 2020)

The Web-Based Measure Status Listing is provided as a quick way to determine if your facility has completed data submission using a web-based tool for the following measures for the Ambulatory Surgical Center Quality Reporting (ASCQR) Program:

- ASC-9: Endoscopy/Polyp Surveillance: Appropriate Follow-up Interval for Normal Colonoscopy in Average Risk Patients
- ASC-10: Endoscopy/Polyp Surveillance: Colonoscopy Interval for Patients with a History of Adenomatous Polyps – Avoidance of Inappropriate Use
- ASC-11: Cataracts – Improvement in Patient's Visual Function within 90 Days Following Cataract Surgery (Voluntary)
- ASC-13: Normothermia
- ASC-14: Unplanned Anterior Vitrectomy

Data submission for these measures is required by the Centers for Medicare & Medicaid Services (CMS) in order to be eligible for the calendar year (CY) 2020 payment determination. ASCs may voluntarily submit data for ASC-11 and are not subject to a payment reduction during the voluntary reporting period.

Log in to the [QualityNet website](#) for complete details on your data submission and to print a screenshot for your records.

Summary

Have you successfully:

- Maintained at least one active Security Administrator?
- Ensured that your QDC compliance is at least 50%?
- Submitted your annual web-based measures?

Your Personal Checklist

We have:

- ☐ At least one active SA
- ☐ Completed submission of our web-based measures in QualityNet
 - ☐ Printed a copy
 - ☐ Verified our submission in the Lookup Tool
- ☐ QDCs on at least 50% of our claims
 - ☐ Copied the PPR to verify submission

Assistance Available

- Call the Support Contractor at 866.800.8756.
 - We can share your screen and offer other assistance to ensure your success.
- Submit questions online through the QualityNet Questions & Answers Tool via www.qualitynet.org.
