### School Is Out: Summer Is Here

And we all know if you're getting ready to hit the holiday road in search of that perfect Summer vacation, you'll need a detailed checklist to make sure you remember everything you need. To help you with your Summer checklist, we've put together a few items to keep your ASC on track while you enjoy some fun in the sun.

- ✦ **Set a calendar reminder to log in to the [QualityNet Secure Portal](#) every month.** This will keep your Security Administrator (SA) account active so that you can receive and run data reports.
- ✦ **Register another SA for your facility.** Having more than one SA allows you to have a back-up plan for any unforeseen absences during data submission time.
- ✦ **Run data reports to check on your ASC Quality Reporting (ASCQR) Program compliance.** June is an excellent month for checking on your claims volume by running a Claims Detail Report in the Secure Portal. Your *Hospital Compare* preview report will be available in July via Secure File Transfer.
- ✦ **Attend educational webinars to develop skills and learn more about the program.** We have interactive sessions planned for the summer including abstraction scenarios, preview report briefings, and proposed rule overviews.

If you need a little help with your checklist, we are here to help! Call us toll-free at 866.800.8756 or email us at [qcrsupport@hsag.com](mailto:qcrsupport@hsag.com).
