From: Hospital Inpatient Value, Incentives, and Quality Reporting Outreach and Education Support Contractor
Sent: June 23, 2021
To: Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program ListServe
Subject: Announcement: FY 2022 IPFQR Program Data Submission and Verification Checklists Available

The Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program checklists for submission, review, and verification of fiscal year (FY) 2022 data and administrative requirements are available for download from the QualityNet [IPFQR Program Resources](#) webpage and the IPFQR Program's [Resources and Tools page](#) on the Quality Reporting Center website.

The checklists are available to assist inpatient psychiatric facilities (IPFs) with meeting the August 16, 2021, data submission deadline. They provide guidance on submitting data and the Data Accuracy and Completeness Acknowledgement (DACA) via the Hospital Quality Reporting (HQR) system. The checklists also outline the steps to ensure completion of all administrative requirements.

We recommend that you complete and submit the [Hospital Contact Change Form](#) to ensure we have the correct contact information for your facility in our system. As the data submission deadline approaches, if your facility has not submitted all necessary data, we will contact the personnel on file.

Please do not respond directly to this email.
