DISCLAIMER: This presentation question-and-answer summary document was current at the time of publication and/or upload onto the *Quality Reporting Center* and *QualityNet* websites. Medicare policy changes frequently. Any links to Medicare online source documents are for reference use only. In the case that Medicare policy, requirements, or guidance related to these questions and answers change following the date of posting, these questions and answers will not necessarily reflect those changes; given that they will remain as an archived copy, they will not be updated.

The written responses to the questions asked during the presentation were prepared as a service to the public and are not intended to grant rights or impose obligations. Any references or links to statutes, regulations, and/or other policy materials included are provided as summary information. No material contained therein is intended to take the place of either written laws or regulations. In the event of any conflict between the information provided by the question-and-answer session and any information included in any Medicare rules and/or regulations, the rules and regulations shall govern. The specific statutes, regulations, and other interpretive materials should be reviewed independently for a full and accurate statement of their contents.

The following document provides actual questions from audience participants. Webinar attendees submitted the following question and subject-matter experts researched and answered the following question after the live webinar. The questions and answers have been edited for grammar.

Question 1: **Are there plans to remove the External Beam Radiotherapy for Bone Metastases measure from the Hospital Outpatient Quality Reporting (OQR) Program?**

For more information, please contact the Hospital OQR Program at 1-866-800-8756 or submit your inquiry using the [QualityNet Hospital OQR Questions and Answers tool](#).
