# Introduction

The Centers for Medicare & Medicaid Services (CMS) will provide facilities with IPF-specific reports (ISRs) for their claims-based measures (CBMs) for the IPFQR Program before public reporting for FY 2021.

- ISRs are confidential and enable facilities to preview results before the results are made public
- ISRs provide additional information to facilities that is not available to the public to help inform quality improvement

# IPFQR Program FY 2021 CBMs

## **Follow-Up After Hospitalization for Mental Illness (FUH)**

- Added to the IPFQR Program in the fiscal year (FY) 2014 IPPS/LTCH PPS Final Rule and first publicly reported in December 2016
- FY 2021 public reporting performance period: July 1, 2018–June 30, 2019

## **Medication Continuation Following Psychiatric Discharge (Medication Continuation)**

- Added to the IPFQR Program in the FY 2020 Inpatient Psychiatric Facilities (IPF) PPS Final Rule and will be publicly reported for the first time in January 2021
- FY 2021 public reporting performance period: July 1, 2017–June 30, 2019

## **30-Day All-Cause Unplanned Readmission Following Psychiatric Hospitalization in an Inpatient Psychiatric Facility (IPF Readmission)**

- Added to the IPFQR Program in the FY 2017 IPPS/LTCH PPS Final Rule and first publicly reported in February 2019
- FY 2021 public reporting performance period: July 1, 2017–June 30, 2019

IPPS/LTCH = Inpatient Prospective Payment System/Long-Term Care Hospital

**Accessing Your ISR and Supporting Documents**

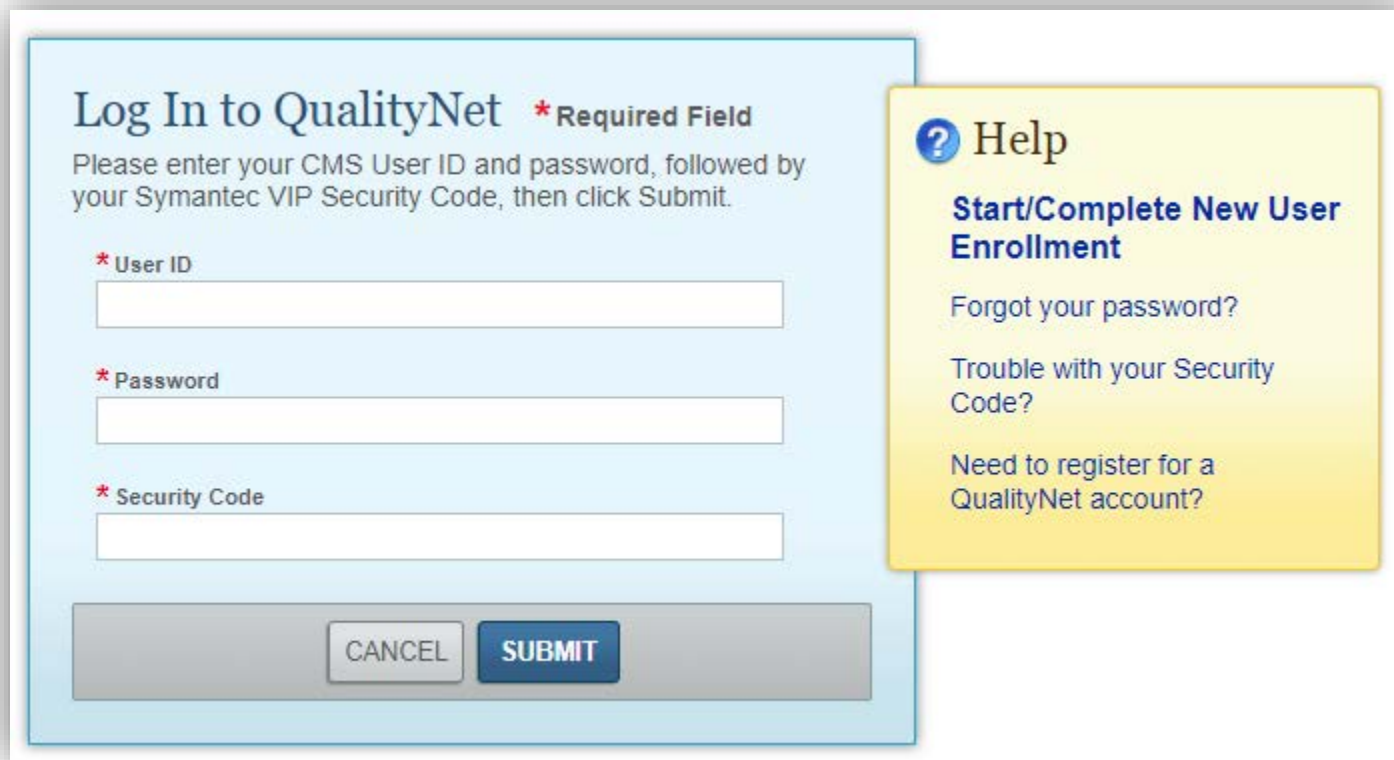

# Accessing Your ISR

Select Secure File Transfer on the *QualityNet Secure Portal* log-in page and click the Let's Go button.

The screenshot shows the CMS.gov QualityNet login page. At the top, the CMS.gov logo and QualityNet text are visible. Below this is a section titled "Choose Your QualityNet Destination" with the instruction: "Please select your QualityNet destination to reach the correct login screen for your QualityNet portal." A dropdown menu is open, showing the following options: "Select Your QualityNet Destination", "Secure File Transfer" (highlighted in blue and circled in red), "CMS Data Element Library", "End-Stage Renal Disease Quality Reporting System", "Physician Quality Reporting System", "Quality Improvement Organizations", "QIES Business Intelligence Center", and "Hospital Quality Reporting". Below the dropdown menu is a blue button with the text "Let's Go" in white, which is outlined with a red border.

# Accessing Your ISR

Log in to the *QualityNet Secure Portal* as shown on the screen.

The screenshot displays the QualityNet login interface. On the left, a light blue box contains the login form. It features the title 'Log In to QualityNet' followed by a red asterisk and the text '\* Required Field'. Below this, a message states: 'Please enter your CMS User ID and password, followed by your Symantec VIP Security Code, then click Submit.' The form includes three input fields: 'User ID', 'Password', and 'Security Code', each preceded by a red asterisk. At the bottom of the form are two buttons: a grey 'CANCEL' button and a blue 'SUBMIT' button. To the right of the login form is a yellow box with a question mark icon and the heading 'Help'. Below the heading are three links: 'Start/Complete New User Enrollment', 'Forgot your password?', 'Trouble with your Security Code?', and 'Need to register for a QualityNet account?'.

# Accessing Your ISR

Click the Secure File Transfer link at the top of the page.

# Accessing Your ISR

Download your ISRs via the *QualityNet Secure Portal* AutoRoute\_inbox.

The screenshot displays the CMS.gov QualityNet Secure Transport interface. On the left sidebar, under the 'Secure Transport' section, the 'remote' folder is expanded, and the 'AutoRoute' folder is circled in red. Below this, the 'MAILBOX' section is visible, showing options like 'Compose Mail', 'Inbox', 'Drafts', 'Sent', 'Manage Folders', and 'Search'. The 'MY COMPUTER' section is also visible at the bottom of the sidebar.

The main content area shows the 'Remote folder' view for the 'AutoRoute' folder. It includes a table with columns: Name, Permissions, Modified, Size, and Kind. The table lists four folders: AR\_ZIP, AutoRoute, AutoRoute\_inbox, and PSVA\_DOWNLOAD. The 'AutoRoute\_inbox' folder is highlighted, indicating it is the selected folder for downloading ISRs.

Name	Permissions	Modified	Size	Kind
AR_ZIP	read and write	Jul 22, 2014 00:00 AM	0 b	Folder
AutoRoute	read and write	Jul 22, 2014 00:00 AM	0 b	Folder
