

CY 2020 (FY 2022) Available Electronic Clinical Quality Measures (eCQMs)

For calendar year (CY) 2020 reporting (fiscal year [FY] 2022 payment determination), hospitals participating in the Hospital Inpatient Quality Reporting (IQR) Program and the Medicare Promoting Interoperability Program are required to successfully submit data for at least **four (4) of the eight (8) eCQMs available**, as shown below, using any combination of Quality Reporting Document Architecture (QRDA) Category I files, zero denominator declarations, and/or case threshold exemptions that reflect the hospital’s total inpatient population. These data must be reported using health information technology (Health IT) certified by the Office of the National Coordinator for Health IT (ONC) to the 2015 Edition. The CY 2020 reporting deadline is March 1, 2021, by 11:59 p.m. Pacific Time. (The deadline was extended due to original deadline falling on a weekend and/or holiday.)
