**Sent:** June 3, 2022

**To:** Inpatient Psychiatric Facility Quality Reporting Program Listserve

**Subject:** Available for Download Now: Claims-Based Measures (CBM) Specifications Manual and CBM Codebooks for FY 2023

The Claims-Based Measures (CBM) Specifications Manual for fiscal year (FY) 2023 of the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program is now available for download from the QualityNet [IPFQR Measures Resources](#) page. The Centers for Medicare & Medicaid Services (CMS) updates the specifications of the IPFQR Program's claims-based measures annually to align with current clinical guidelines and code systems so that the measures remain relevant and actionable within the clinical care setting.

The codes used to calculate the three CBMs are in measure-specific Excel codebooks, which are also available for download from the [IPFQR Measures Resources](#) page.

**Please do not respond directly to this email.** Instead, please direct any questions about the manual or codebooks to the [QualityNet question and answer tool](#).
