Starting today, you have 30 days to review data from your hospital that will be publicly reported on the Care Compare website in July 2022. Medicare beneficiaries and the public use Care Compare to review quality measure data for participating hospitals and facilities.

When can I see my hospital's preview data?
Now through June 15, 2022, on the Hospital Quality Reporting (HQR) page on QualityNet (https://hqr.cms.gov/hqrng/login), you can preview the data that will appear on the July 2022 release. We encourage you to look at your information early in this preview period to conduct a thorough review.

How do I find my hospital's preview data?
Access your Public Reporting preview data by following these steps:

1. Navigate to the HQR page for QualityNet at https://hqr.cms.gov/hqrng/login.

2. Enter your Health Care Quality Information Systems (HCQIS) Access Roles and Profile (HARP) User ID and Password. Then, select **Login**.

3. The **Two-Factor Authorization page** will appear. Select **Text** or **Email.** Select **Continue**.

4. Enter the code you received via **Text** or **Email**. Select **Continue**.

5. Read the Terms and Conditions statement. Select **Accept** to proceed. The **HQR Landing** page will appear. (If you select Cancel, the program closes.)

6. On the **HQR Landing** page, hover over the Lock Menu on the left side.

7. Select **Program Reporting.**

8. From the drop-down menu, select **Public Reporting.**

9. The page will refresh, and the data will be available to preview.

To export the data displayed on the user interface (UI), select **Export Data** in the measure table. The exported measure data will be in PDF format for a user-friendly printed report.
