Subject: July 2022 Public Reporting Preview Data Available

Starting today, you have 30 days to review data from your hospital that will be publicly reported on the [Care Compare website](#) in July 2022. Medicare beneficiaries and the public use Care Compare to review quality measure data for participating hospitals and facilities.

When can I see my hospital's preview data?

Now through June 15, 2022, on the Hospital Quality Reporting (HQR) page on QualityNet (<https://hqr.cms.gov/hqrng/login>), you can preview the data that will appear on the July 2022 release. We encourage you to look at your information early in this preview period to conduct a thorough review.

How do I find my hospital's preview data?

Access your Public Reporting preview data by following these steps:

1. Navigate to the HQR page for QualityNet at <https://hqr.cms.gov/hqrng/login>.
2. Enter your Health Care Quality Information Systems (HCQIS) Access Roles and Profile (HARP) User ID and Password. Then, select **Login**.
3. The **Two-Factor Authorization page** will appear. Select **Text** or **Email**. Select **Continue**.
4. Enter the code you received via **Text** or **Email**. Select **Continue**.
5. Read the Terms and Conditions statement. Select **Accept** to proceed. The **HQR Landing** page will appear. (If you select Cancel, the program closes.)
6. On the **HQR Landing** page, hover over the Lock Menu on the left side.
7. Select **Program Reporting**.
8. From the drop-down menu, select **Public Reporting**.
9. The page will refresh, and the data will be available to preview.

To export the data displayed on the user interface (UI), select **Export Data** in the measure table. The exported measure data will be in PDF format for a user-friendly printed report.
