Subject: July 2023 Public Reporting Preview Data Available

Today, through June 1, 2023, you can review your hospital's data that CMS will publicly report on the [Care Compare website](#) in July 2023. Medicare beneficiaries and the public use Care Compare to review quality measure data for participating hospitals and facilities.

When can I see my hospital's preview data?

On the Hospital Quality Reporting (HQR) page on QualityNet (<https://hqr.cms.gov/hqrng/login>), you have 30 days to preview the data that will appear on the July 2023 release. We encourage you to look at your information early in this preview period to conduct a thorough review.

How do I find my hospital's preview data?

Access your Public Reporting preview data by following these steps:

1. Navigate to the HQR page: <https://hqr.cms.gov/hqrng/login>
2. Enter your Health Care Quality Information Systems (HCQIS) Access Roles and Profile (HARP) User ID and Password. By logging in, you agree to the terms and conditions. Select **Log in**.
3. The **Two-Factor Authorization page** will appear. Select **Text** or **Email**. Select **Next**.
4. Enter the code you received. Then, select **Next**.
5. On the **HQR landing** page, hover over Lock Menu on the left side.
6. Select **Program Reporting**.
7. From the drop-down menu, select **Public Reporting**.
8. The page will refresh, and the data will be available to preview.

To export the data displayed on the user interface (UI), select **Export Data** in the measure table. The exported measure data will be in PDF format for a user-friendly printed report.
