Subject: Corrected COVID HCP Measure Data in Provider Data Catalog Archive

The Centers for Medicare & Medicaid Services (CMS) updated the [Provider Data Catalog](#) (PDC) to include corrected data for the COVID-19 Vaccination Coverage Among Healthcare Personnel (COVID HCP) measure for the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program for fiscal year (FY) 2023 and FY 2024 public reporting:

CMS updated the IPFQR Program COVID HCP measure data for the fourth quarter (4Q) 2021 and first quarter (1Q) 2022 in the IPF archived datasets. Specifically, the corrected facility, state, and national rates for 4Q 2021 and 1Q 2022 are available on the PDC Hospitals data archive webpage (<https://data.cms.gov/provider-data/archived-data/hospitals>).

The attached document contains instructions and screenshots that will assist in accessing the archived IPF data sets containing the corrected 4Q 2021 and 1Q 2022 COVID HCP measure data.
