Subject: **CBM 2023 CSVs Now Available for Select Reports**

An announcement from the Centers for Medicare & Medicaid Services (CMS):

Claims-based Measures (CBM) 2023 reports are now available in a CSV format in the Hospital Quality Reporting (HQR) System.

Currently, only select reports can be downloaded as CSVs. Future CBM reports will have both Excel and CSV download options.

You can download a CSV by logging into the [HQR System](#) and navigating to Claims-based Measures under *Program Reporting*. Select the appropriate Release year, Program, and Report, then select Export, where a menu will offer you the choice to download the CSV or Excel version of your report.

As we continue to enhance the HQR system, we'll keep you informed about any changes.
