The Claims-Based Measures (CBM) Specifications Manual for fiscal year (FY) 2027 of the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program is now available for download at QualityNet's [IPFQR Measures Resources](#) page. The Centers for Medicare & Medicaid Services (CMS) provides annual updates to the specifications of the IPFQR Program's CBMs to align with current clinical guidelines and code systems so that the measures remain relevant and actionable within the clinical care setting.

The codes used to calculate the three CBMs are available in measure-specific Excel codebooks, also available for download on the [IPFQR Measures Resources](#) page.
