Subject: Delayed Release of FY 2027 Hospital VBP PPSRs

The Fiscal Year (FY) 2027 Hospital Value-Based Purchasing (VBP) Program Percentage Payment Summary Reports (PPSRs) will be delayed and released in September. The Centers for Medicare & Medicaid Services (CMS) will notify hospitals when the FY 2027 Hospital VBP PPSRs are available on the Hospital Quality Reporting (HQR) Secure Portal via the Hospital IQR Program and Hospital VBP Listservs.

Following the release of the FY 2027 Hospital VBP Program PPSRs, hospitals will have a **30-calendar day** review and corrections period to review their PPSRs and request a review of performance scores and/or recalculation of performance scores for measures, domains, and the Total Performance Score (TPS). More information about the 30-calendar day review and corrections period is available on the Hospital VBP [Review and Corrections/Appeals page](#) on QualityNet.

Please do not respond directly to this email. For further assistance regarding the information contained in this message, please submit questions to the Hospital VBP Support Team via the [QualityNet Question and Answer Tool](#).
