The [Proposed Rule](#), containing potential program changes, was published on July 31. If you follow the link above, you'll find that the ASC Quality Reporting Program section begins on page 37193 of the *Federal Register* (page 148 of the pdf).

Anita Bhatia, PhD, MPH, the Program Lead from the Centers for Medicare & Medicaid Services (CMS), will discuss these proposed changes in a webinar on Thursday, August 23 at 2:00 p.m. ET. More information, including the registration link, is available on [Quality Reporting Center](#).

After you've had the chance to read the proposed changes and/or attend the webinar, CMS has a question for you: **“What do you think?”** They're asking for your comments on the Proposed Rule and truly want your opinion. This is your opportunity to impact the measure development process and policy proposals. The deadline for [submitting comments](#) is **September 24, 2018**, and CMS reads each one.

If you have any questions or need any help with the commenting process, please contact us by phone at 866.800.8756 or email us at <https://cms-ocsq.custhelp.com>).
