Hospital Inpatient Quality Reporting (IQR) Program

CY 2016 (FY 2018) AVAILABLE eCQMs

For CY 2016 (FY 2018), hospitals participating in the IQR Program are required to successfully submit data for at least four of the available 28 electronic Clinical Quality Measures (eCQMs) shown in the table below. Submission is through the *QualityNet Secure Portal* using any combination of Quality Reporting Document Architecture (QRDA) Category I files, Zero Denominator Declarations, and/or Case Threshold Exemptions that reflect the hospital's total inpatient population. Hospitals must submit data for only one quarter, utilizing either Third Quarter (July 1–September 30) or Fourth Quarter (October 1–December 31) of CY 2016, by the March 13, 2017, deadline. For additional information, please visit the *QualityNet* eCQM Overview page.
